

REMARKS

As Applicant is filing a Request for Continued Examination herewith, it is requested that this amendment be entered.

The Examiner rejects Claims 1-6, 10, 17-19, 23, 26-28, 32, and new Claims 35-41 under 35 USC §102 as being anticipated by Yang et al.

The Examiner also rejects Claims 12-15 under 35 USC §102(e) as being anticipated by Saishu et al.

The Examiner also rejects dependent Claims 7-9, 11, 16, 20-22, 24, 25, 29-31, 33 and 34 under 35 USC §103 as being unpatentable over Yang et al. in view of Saishu et al.

Each of these rejections is respectfully traversed.

Applicant is amending the independent claim herein to recite “wherein a brightness of said liquid crystal material increases monotonically according to a voltage value applied to said liquid crystal material.” Applicant does not believe this feature is disclosed or suggested by any of the cited references.

For at least the above-stated reason, it is respectfully submitted that the prior art rejections have been overcome, and it is requested that they now be withdrawn.

IDS

Applicant is submitted an IDS herewith. It is requested that this IDS be entered and considered prior to the issuance of another action on this application.

Conclusion

It is respectfully submitted that the present application is now in a condition for allowance.

If any further fee should be due for this amendment, please charge our deposit account 50/1039.

Favorable reconsideration is earnestly solicited.

Respectfully submitted,

Dated: August 27, 2007
